RE: Erosion & Sediment Control Plan Review Fee Increase

The Board of Supervisors for the Baltimore County Soil Conservation District has modestly increased the Soil Erosion and Sediment Control Plan review fees. The new fee will be a flat rate of \$0.004 per square foot with a maximum of \$1,800. There will not be a fee for first revision unless there is an increase in the disturbed area (1 acre minimum). Second and all subsequent revisions of a previously approved plan will be ½ of the initial fee, plus any additional disturbed area. This increase is necessitated by rising operating costs. The new fees will be effective for any new plans submitted after July 15, 2009. Thank you for your cooperation and support in this matter.
